Miss Go Give 2017 Nominee

Awarded To:

Devon Copelan

- *She always is there with encouragement, she always checks in on me and she helps push me through with REAL TALK! I always know she's a phone call away.*
- *There are a lot of Directors who are very go give, but for me personally, Devon has just shown me so much encouragement and love and support. And, she is always there when I need an encouraging word or a quick vox to check in on me. She is really encouraging and it's really exciting. It makes me feel really special because she doesn't get paid on me and there's no reason for her to call me or check on me or encourage me in my Directorship or business. Even when I'm doing nothing, she is always there to tell me "Get going and make it happen!"*
